

# SHARE THE LIGHT

08.19.23 | 6:00 P.M.

WE INVITE YOU TO JOIN US ON A DARING  
ADVENTURE TO EXPLORE NEW FRONTIERS

Space explorers have long searched for new worlds, sought to better understand others and overcome obstacles, both in real life and science fiction.

Similar to those explorers, The Sharing Center will embark on an exploration of new frontiers where hardships, hunger and homelessness are a thing of the past during this year's Sharing The LIGHT Gala.

We invite you to wear an outfit that channels the spirit of your favorite space explorer (real or fictional) at our intergalactic event. Here are some out-of-this-world photos to get you inspired. We also welcome guests in formal and semi-formal attire for those who want to stay grounded on Earth.
